Croma,
Design by Luca Nichetto

Model Croma

Taking its name from the Italian word for a ‘quaver’ or ‘eighth’, the floor lamp Croma reflects the dynamism of the musical note in its slender frame. In contrast to the classic floor lamp, which typically opens out at the top, Luca Nichetto turned the frame on its head to create a revolutionary product. Immediate in its function, elegant in the four available finishes, Croma’s powerful light output and dim-to-warm function make it suitable for a variety of environments.
