Filo _Floor lamp

A wired floor lamp with a minimalist character, Filo combines formal lightness and functionality. Its painted metal structure with matte finish, available in red, white, or black, draws a slim, graphic profile that fits elegantly into living rooms, bedrooms, and professional spaces. The top section rotates up to 200°, allowing precise light direction, while the E27 socket with exposed bulb gives the lamp a technical and contemporary appeal. With its discreet yet distinctive silhouette, Filo is an ideal modern floor lamp to illuminate reading corners or relaxation areas, adding a touch of personality to the space. The black cable completes the design, ensuring visual coherence and ease of use.
