Pina XXL _Floor lamp

Part of the collection designed by Federico de Majo, the Pina XXL cordless, rechargeable battery lamp is a luminous and sophisticated presence, perfect for enhancing both indoor and outdoor spaces. This LED floor lamp features a magnetic swivel head and touch control on the top for switching on, adjusting brightness, and selecting the color temperature (2200K, 2700K, 3000K). Made of painted aluminum with an opal polycarbonate diffuser, it is built to withstand outdoor use thanks to its high IP rating. The lithium battery pack is both rechargeable and replaceable, and the built-in electronic system monitors battery life to optimize recharging cycles. The lamp comes with a contact charging base; the USB charger is sold separately. With its generous dimensions and four elegant finishes, Pina XXL brings character to terraces, gardens, lounges, and contract spaces.

LED | dimmable | IP65
