Poldina Classic _Table lamp

The Poldina Classic cordless, rechargeable battery lamp by Zafferano reimagines the traditional table lamp with a fabric shade in a contemporary way, blending style and practicality. This LED table lamp, designed for indoor use, features a painted aluminum body, a pleated fabric lampshade, and a light module in opal polycarbonate that diffuses a soft, welcoming glow. The removable light module can be detached from the lamp and recharged separately on the included contact charging base—a smart and convenient feature that makes everyday use easier and more versatile. The module features a touch control that allows you to turn the lamp on and off, adjust the brightness, and select the light color temperature (2200K, 2700K, 3000K). The USB charger is sold separately. With 7–8 hours of autonomy at full brightness and a full recharge time of about 5 hours, Poldina Classic is available in white, matte gold, and bronze finishes. It's the ideal solution for elegant, cordless lighting that brings decorative flair to any indoor setting.
