Poldina Reverso _Table lamp

Cordless, rechargeable, battery table lamp with multipurpose, food safe container. A touch control on the lower part of the lamp head allows you to switch the light on, adjust its intensity and select its color temperature. And thanks to its high IP rating, the lamp can also be used outdoors. The multipurpose container (capacity 18cl) is made of thermoplastic resin (PET) and therefore food safe, and can be removed and reused. An electronic control system monitors and indicates the remaining battery power to ensure recharging is optimized and always performed correctly. The lamp comes with a contact charging base. USB charger included.The lamp can be customized with a ceramic cover that can be purchased separately.

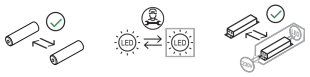

LED | dimmable | IP54
