LODES

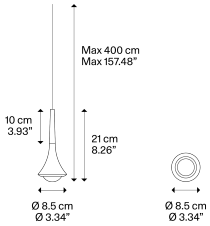

Rain,
Design by Andrea Tosetto

Model Rain

Rain falls from the ceiling like a drop of spring rain, with a linear movement that accentuates the curvaceous conical forms of its body. A metal suspension lamp with an LED light source projected toward a convex lens—simple and effective, elegant and extremely bright, to be used either independently or as a design composition.

Rain

Light source

LED
2700 K
7 W
1280 lm
350 mA
CRI 90
MacAdam 3–Step
