Soffio _Table lamp

Soffio is a cordless, rechargeable table lamp featuring a blown glass diffuser embossed with a raised pattern, and a matte gold base. Its clean design and warm glow make it perfect for creating atmosphere in both indoor and outdoor spaces (IP65). The touch control on the base allows you to turn the lamp on and off, adjust the brightness across four levels, and choose the light color temperature (2200K, 2700K, 3000K). The integrated electronic system ensures constant luminous output until the battery runs out and indicates the remaining charge. You can choose between two glass finishes: sandblasted transparent, for softer light diffusion, or amber, for a warmer and more decorative effect. The lamp charges via an included contact charging base; the USB chargeris sold separately. With its refined look and compact size, Soffio is a stylish, flexible lighting solution designed to brighten any moment with warmth and character.

LED | dimmable | IP65
