Solar _Sconce

Bollard lamp in dark gray painted die-cast aluminum with polycarbonate diffuser. Designed for outdoor use, the Solar lamps is equipped with a solar panel that recharges the battery (replaceable) and has a high IP rating (IP54). The Bollard lamp is equipped with a dusk sensor that activates "energy saving" mode (30 lm, 0.33 W); it is also equipped with a motion sensor that activates full power mode when movement is detected (returning the light to energy saving mode after 60 seconds). The motion sensor can be disabled, in which case the lamp always emits 50% of the luminous flux.
